

Quick Start Guide & Checklist

Get Started in 60 Minutes!

Welcome to uQualio!

This guide will help you launch your first course quickly. We've broken it down into three simple steps, that takes less than an hour total.

Why This Works

- Start Fast: One video + basic branding = ready to launch
- See Results: Get user feedback within an hour
- Grow Easily: Add more features as you need them
- Zero Risk: Test with minimal investment

STEP 1: Brand Your Platform

5 minutes

Two quick steps to make it yours:

Add your logo

○ Format options: 600×150 px (horizontal) and 300×300 px (square)

Pro tip: Use our built-in cropping tool to adjust your existing logo

Set brand colors

- Use our eyedropper tool to match your website colors Or enter your brand's
- HEX (#FFFFFF) or RGB (255, 255, 255) codes directly

STEP 2: Create Your Channel

 5 minutes

Think of your channel as a playlist for your courses:

Choose a channel name

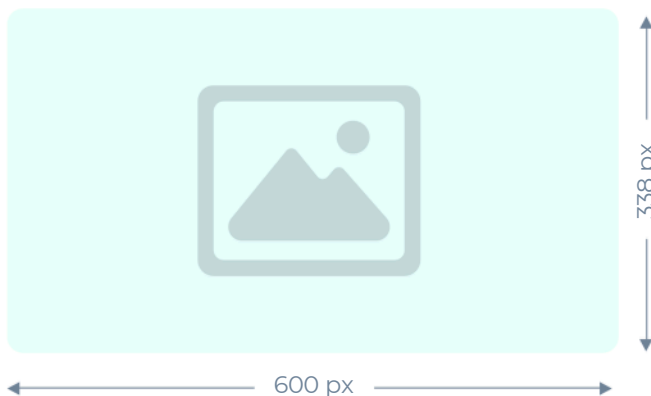

Write a brief description (2-3 sentences)

Add visuals:

- o Channel cover (1420x350 px)

- o Channel tile (600x338 px)

Quick Tip: Use our integrated Unsplash library for professional images, or upload your own!

STEP 3: Build Your First Course

 30 minutes

Essential Setup:

Course title and description

Add one short video (1-3 minutes)

- Upload your existing video
- Record your screen directly in uQualio
- Or link from YouTube/Vimeo

Create 2-3 quiz questions

Add visuals (choose from our Unsplash library or upload your own):

- Course tile (600x338 px)
- Course cover (1420x350 px)

Optional: Create a custom badge (300x300 px) or use our default badges

Video Best Practices:

- Keep it focused: Max 3 key learning points per video
- Keep it short: 1-3 minutes is ideal
- Keep it simple: No fancy editing needed

Final Step: Review & Share

 5 minutes

Preview as a learner

Test all quiz questions

Share your course (even if just with yourself!)
